Skills

Frontend React, Next.js, TypeScript, JavaScript,
Backend Node.js, Express, MongoDB, Prisma, Firebase
Languages C, C++, Java, Python

Design Figma, Adobe XD, Framer
Mobile React Native, Flutter
Others Three.js, GSAP, Framer Motion, Content Creation,

Experience

Sheryians Pvt. Ltd.   **Oct 2021 – Present**
Full Stack Developer, UI/UX Designer

– Led full-stack development of the **Advanced E-Learning Platform** using **MongoDB**, **Express**, **React**, **Node.js**, and **React Native**, creating scalable educational tools.
– Developed a comprehensive **Employee Management System** that streamlined task assignment and tracking, reducing workflow bottlenecks by identifying three key areas for improvement in team collaboration across departments.
– Engineered the **Celestial Diamonds E-Commerce Platform**, integrating **Three.js** for enhanced 3D product visualizations and user engagement.
– Utilised **Prisma** to optimize database operations, ensuring efficient data management for high-traffic applications.
– Created cross-platform applications with **React Native**, delivering a seamless user experience across web and mobile devices.
– Designed responsive UI/UX interfaces in **Figma** and **Adobe XD**, enhancing performance and accessibility across devices.
– Led backend optimization initiatives to ensure robust and secure systems, scaling solutions to meet growing user demands.

Sheryians Coding School   **Jan 2022 – Present**
Content Creator and Instructor (YouTuber)

– Developed and delivered coding tutorials in **React**, **JavaScript**, and **UI/UX Design**, teaching **complete web development** to over **7000 students** online and offline.
– Created and edited educational YouTube content, including **long-form videos**, **shorts**, and **reels**, growing the channel to **500,000 subscribers**.
– Designed course materials and exercises that enhance understanding of **web development** concepts and promote effective learning.
– Conducted live coding and QnA sessions to engage with students and provide real-time support for their queries.
– Implemented teaching strategies and feedback mechanisms, leading to continuous improvement in course quality and student satisfaction.
– Provided **career guidance** to students, assisting them in job placements and navigating the job search process.

Education

Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV)   **2024**
Bachelor of Technology in Computer Science Engineering   *CGPA: 8.00*

Douglas Higher Secondary School   **2020**
Higher Secondary Education in Math Science   *Marks: 90.4%*

Awards and Achievements

YouTube Silver Play Button   **2023**
– Awarded for surpassing 100,000 subscribers on YouTube.

Projects

Advanced E-Learning Platform   **Mar 2022 – Jul 2023**
– Streamlined course management with an intuitive admin interface for uploading and handling content.
– Allowed users to purchase, access, and interact with coding courses through videos and assessments.
– Integrated features like progress tracking, personalized learning paths, and feedback mechanisms.

Employee Task Management Tool   **Sep 2023 – Jan 2024**
– Enabled admins to assign tasks to employees with detailed data and deadlines.
– Allowed employees to view, negotiate, and accept or decline assigned tasks.
– Facilitated task completion tracking, enabling employees to mark tasks as done.
